The application has been amended as follows:

In the claims:

Claims 1-4 drawn to an non elected invention has been cancelled.

2. Claims 5-17,19-21 directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(b), claim 18 directed to the using the allowable product, previously withdrawn from consideration as a result of a restriction requirement, is hereby rejoined and fully examined for patentability under 37 CFR 1.104. Claims 1-5 directed to the invention(s) of the method require all the limitations of an allowable product claim, and have NOT been rejoined.

Because a claimed invention previously withdrawn from consideration under 37 CFR 1.142 has been rejoined, **the restriction requirement between groups II-III as set forth in the Office action mailed on 12/06/05 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present
